**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kit Stetina on 11/3/04.

The application has been amended as follows:

Cancel claims 2,17-23.

Claim 1, line 16 (last line), insert ---wherein the first elevation is higher than the second elevation, and the second elevation is higher than the third elevation--- after "thereon".

***Allowable Subject Matter***

2. Claims 1,3-16 are allowed.

3. The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose an animal enclosure wherein the first elevation is higher than the second elevation, and the second elevation is higher than the third elevation so as to allow the panels to be folded underneath each other in better collapsible form as shown in figs. 9-12 and as explained on page 6 of Applicant's specification. All references as listed have same panel elevations, thus, lacks teaching of different elevations as stated above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
